February, 26th, 2002

Dear BCKCA Member Clubs:

I am sending you this information so that your club has a **clear understanding** of BCKCA's position on none sanctioned ASN events.

At the National meeting earlier this month it was brought to our attention that it is our moral and legal responsibility to advise all ASN licensed drivers and ASN clubs in our jurisdiction of any event that may take place in our region that is not sanctioned by ASN.

The legal reason for this is to protect ASN, BCKCA and all BCKCA clubs from the possibility of any claims being made against us/you for not informing the karting world that a local event is being run without ASN sanctioning. If a tragedy was to happen at a none sanctioned ASN event, it is very possible that ASN / BCKCA, and or the club could or would be asked to show proof that we/you advised our members that the particular event in question was none ASN sanctioned.

As of this point in 2002 we are aware of the following events that would be in this category;
Events at Cultus Lake Kart Track
Events at Western Speedway in Victoria
Any IKF Gold Cup event
Any SKUSA event

Due to the fact that BCKCA/ASN has no jurisdiction or incite over events other then their own, we have no option but to inform **all** individuals involved that may participate in none ASN sanctioned events do so at their **own risk**.

It is also **strongly recommended** that if a BCKCA club is planning to host a event with a sanctioning body other than ASN, that you do a complete check on the following:

1. Is the insurance provided adequate to protect all involved
2. Is the insurance valid under the Insurance licensing requirements for both the insurance company and the insurance broker in B.C.
3. Who is ultimately responsible if there is a short fall in insurance coverage or if the insurance being supplied does not conform to B.C. insurance regulations.

Sincerely,

J. Pelk, BCKCA Director of Administration
